Dear Sam:

Thanks very much for your letter of 14 August about flying saucers. I think that your reply to Mr. Kirsch is exactly what is needed in present context.

Ted Nordbeck, I know, gave you all the material that we could find in regard to Jungk. I am sorry it took so long but my people apparently had difficulty prying the information loose. I hope that the information given you was of some use.

Best regards.

Sincerely,

/s/

Philip G. Strong
